

# Clinical Librarians & Information Skills Trainers (CLIST)

Thursday 24<sup>th</sup> November, 10:00-1.00pm  
Bloomsbury Healthcare Library

## Minutes

**Present:** Louise Wann (chair), Ziba Nadimi, Claire Jones, Lisa Burscheidt, Catherine Radbourne, John Clarke, Georgie Wildman, Ramya Cooke, Michael Samuel, Caroline Lynch, Georgina Wildman, John Nyman.

		Actions
1. Apologies for absence	Sian Aynsley, Alan Fricker, Kaye Bagshawe, David Nicholls, Marisa Martinez Ortiz, Merinne Whitton, Michael Walne, Sarah Rudd, Catherine Wardle	
2. Minutes of the last meeting and matters arising	<ul style="list-style-type: none"> <li>• CR has circulated OVID and EBSCO guides.</li> <li>• Revalidation reading clubs session was arranged for this meeting to be led by Catherine Wardle. Unfortunately Catherine is now unable to attend.</li> <li>• Dynamed:</li> <li>• Pep-web.org: several group members have been able to access this without logging in. Not known if it is open access or through IP authentication.</li> </ul>	CJ to provide ZN with screenshots of Plus.
3. Feedback from the Staff Development group	There was no feedback available from the September Staff Development Group. MS will be attending future meetings.	MS to attend and report back to CLIST
4. Feedback from the I&LRWG	<p>Minutes of last meeting and matters arising, not on the agenda</p> <ul style="list-style-type: none"> <li>• BL copyright fee paid articles and NHS Digital Content Store Uptake remains low of these articles so there will be a similar free for all to last year (9000 allocated) we are only using a couple of hundred a month at present. Still aspiration to create digital content store to make them available across the country.</li> <li>• Annual Review titles Finch funding still lacking. Have managed to add Science Translational Medicine till March 2017. Annual reviews titles current collection and past five years till March 2017. Bought Annual Reviews backfile (till 2010) in perpetuity due to very good price. Will be added to link resolver shortly</li> </ul>	

- Knowledge Share  
Several libraries in London now using this (6-10). Suggestion of a London user group for sharing experience. Richard Peacock will propose a first meeting - potentially at Homerton.

NICE update  
Check – is your trust set up on Google Scholar?

- NICE quarterly report  
Searches still falling but full text rising. CINAHL FT dropping - probably due to loss of titles plus availability of PQ Hospital Collection.

Discussion of access to Ovid Medline now enabled across London.  
Q. Do link resolver links work from Ovid?

- HDAS  
Old and new both available. New HDAS to go live target date 17th Oct (says so on site I notice this afternoon) but may be later in month. Parallel running for at least 6 weeks. 1st december HDAS project board meeting - will be point of decision for the switch off. That would potentially leave just new HDAS from 2nd week of December. A user guide has been prepared and has been NARAG reviewed but held back in case of late changes.

- AIMS and Link Resolver contract reprocurments  
OpenAthens reprocured for next three years May 2017 onwards.

Link resolver has been extended till next September due to delay in procurement. Paperwork for this should emerge before Christmas. Suppliers will be asked to include value added services (coded invite to give us a discovery system - particularly platform for ebooks)

- eLearning for Healthcare resources  
OpenAthens compliant. Quite a lot of interest from LSBU and Brunel. Questions about the how the data on completion works.

5. London Resources

- BMJ Learning  
Purchase going through. Bulk of usage is in primary care and community care. May be an impact from availability of eLfH

- Medical Masterclass App  
You should have heard about the app? I had not had an email.

Some questions about how the app will work in practice. When the user expires and username is issued to someone else for example then they will no longer have access. More guidance will be issued.

- Taylor and Francis titles  
Lots of issues with the titles remaining after informa plus the education titles. Rep seems happy that it will work OK next year (and should work ok now).

Nursing times very well used via Ovid

6. Resource Discovery work programme – brief update

	<p>Looked at the drivers diagram – this has been circulated and is worth a look – some major programmes!</p> <ul style="list-style-type: none"> <li>• Discussion of finance audit work and push towards centralising procurement. Currently £3.8mill spent nationally. £7-8mill spend elsewhere in the system on ejournals, ebooks and PoC. Awareness that this is not all library money. Desire to bring more of that money into the centre. What happens to money spent on library resources that is not library money eg UTD purchases by Med Ed? Patrick Mitchell has asked his Finance Director in the South to look at the question. No work supposed to be done on regional procurement until this is done.</li> <li>• Another proposal is around the potential to move to a single LMS for all nhs managed services. Wales are moving to a single LMS across NHS, Universities and Public Libraries</li> <li>• Seeking more visibility for HEE contribution to funding resources - not currently obvious on NHS Evidence for example.</li> </ul> <p>7. TRIP</p> <ul style="list-style-type: none"> <li>• Draft leaflets. There will be a survey on this with trial still running till end of year</li> </ul> <p>Any other business</p> <ul style="list-style-type: none"> <li>• HSJ - going online only in the new year. RO is going to talk to someone at emap about this. SWIMS have a sub across the SW which is supposed to be for the ambulance people but gets used more widely.</li> <li>• PEP Web - <a href="http://www.pep-web.org/">http://www.pep-web.org/</a> - Whittington seem to have access via OpenAthens but not sure why? Worth checking if you have access to pep-web?</li> </ul>	
<p>5. New Resources/ updates/HDAS redevelopment</p>	<p>CJ enquired if people do any training sessions solely on Cochrane. Members reported they use it in searches and mention it in 1-1s and group training but don't focus on it as a single resource. Often suggested as a resource to help start off projects or systematic reviews or scoping research.</p>	
<p>6. Members Update &amp; Library Marketing/Promotion</p>	<p><b>ZN</b> – Has been doing sessions to support exam questions with Trainee Psychiatrists – lit searching and critical appraisal. This is a new venture and went well with good feedback. Has increased hours and training is busy. Users seem to be more aware of the service and there is good interaction through Twitter and outreach activities.</p> <p><b>CJ</b> – Still busy with training and lit searches. Library will be taking over e-learning for mandatory training. NHS/HE Conference poster submission awarded 2<sup>nd</sup> place.</p> <p><b>CL</b> – Training busy as lots of students are beginning nursing dissertations and the whole thing is now a lit review and therefore need a lot of support, which other CLIST members are finding too which is an issue if you don't</p>	

	<p>have the time or staff resources to support this need. HCAs may join the RCN as well and use the library. The Library is watching for changes stemming from the lack of bursaries for UG nursing students and the new Nursing Associate role.</p> <p><b>JC</b> – Building plans have been delayed at North Middlesex but new partnership with Royal Free Vanguard means building may not go ahead at all. Things are therefore in limbo but library is thinking of joining Knowledge share. Attending a lot of staff inductions but time is squeezed so no time to present at them as he would like. Problems with Oracle not saving work – other members report similar issues.</p> <p><b>LB</b> – Is now a Clinical Librarian. Looking for her replacement at the moment. Has used Value and Impact Toolkit to assess Current awareness and produced poster for NHS/HE Conference which was awarded 3<sup>rd</sup> prize. The library now has a Twitter account @NELFT_Library.</p> <p><b>CR</b> – Busy with 1-1s and group training. Looking at creating more online learning materials. Recorded a session being delivered to dissertation students and put online and has been well used. Short videos for academics – “how do I do this” simple questions. Can use PowerPoint mix on Office 360 to do easy screen capture and voice over.</p> <p><b>GW</b> – helped develop and deliver library support for a School of Medicine “Wikipedia Hack Day” where students updated and expanded Wikipedia pages on Cardiology. Students enjoyed the day and said the skills they employed/learnt about critically appraising sources were useful. Delivered CLIST “Finding the Evidence” Day with MW, JN and CW. Day went well and feedback was good. 1-1s slow at the moment but getting better than usual group training interest and numbers.</p> <p><b>RC</b> – Busy with literature searching. Hoping to get funding for Clinical Key, UpToDate and hoping for a new LMS from Sutron.</p> <p><b>JN</b> – Library’s Lit Search service slowly but surely growing. Has started a new session on EBM resources. Currently looking at finding new qualitative papers for critical appraisal and more support on ref management.</p> <p><b>LW</b> – doing more outreach – Goes to OG dept and goes to meetings there. Tried to roll out to Paeds but not the same response. However it has been generating more searches and queries. Training quite quiet. Has booked a course on Synthesising and Summarising Evidence. Hoping to use it as a value added thing for lit searches.</p>									
7. Dates for 2017 Meetings	<p>The May meeting will be a joint meeting the KSS Searchers and Trainers Forum and will commence at the later time of 10:30am.</p> <table data-bbox="300 1848 1149 1993"> <tr> <td>Thursday 16th February</td> <td>10am-1pm and 2-4pm</td> </tr> <tr> <td>Wednesday 17th May</td> <td>10:30am-1:30pm and 2:30-4:30pm</td> </tr> <tr> <td>Thursday 21st September</td> <td>10am-1pm and 2-4pm</td> </tr> <tr> <td>Wednesday 22nd November</td> <td>10am-1pm and 2-4pm</td> </tr> </table>	Thursday 16th February	10am-1pm and 2-4pm	Wednesday 17th May	10:30am-1:30pm and 2:30-4:30pm	Thursday 21st September	10am-1pm and 2-4pm	Wednesday 22nd November	10am-1pm and 2-4pm	
Thursday 16th February	10am-1pm and 2-4pm									
Wednesday 17th May	10:30am-1:30pm and 2:30-4:30pm									
Thursday 21st September	10am-1pm and 2-4pm									
Wednesday 22nd November	10am-1pm and 2-4pm									

8. AOB	<p>CW has suggested a medical terminology course if we need it. Group decided interesting but not necessary.</p> <p>Webinar recording – “50 Shades of Review” looking at the difference between different types of lit reviews. <a href="https://eahilcpd.wordpress.com/webinar-toolkit/webinar-toolkit-fifty-shades-of-review-with-andrew-booth/">https://eahilcpd.wordpress.com/webinar-toolkit/webinar-toolkit-fifty-shades-of-review-with-andrew-booth/</a></p> <p>Blended Learning, Information Literacy e-learning modules for NHS staff from KFH Transformation workstream “STEP Project” – may be ready April/May 2017.</p> <p>LB reported how to get impact statements/info from people – uses Amazon vouches (asks suppliers to give them). Did a mailout with all the questions, also asked for case studies with a prize of a £25 amazon voucher. Phone people and them for them as they talk is also a tip.</p>
